TRANSFER GUIDELINES

S2 TRANSFER GUIDELINES

- The transfer market is not applicable to new managers.
- All players in the transfer market are players who want to participate at Liga but have an opportunity to change teams.
- All Managers can offer players in the transfer market a spot in their team. Managers can offer more than one player with a maximum of 3 total transfers.
- You can only submit an application per player.
- Managers can loan one player only from the transfer market for one season only. This does not count as a transfer. However, counts as a spot in the Manager's team. A loan player cannot be dropped or replaced if selected. The player will have to join the Manager's team for the upcoming season.
- Players who have received offers have the right to choose which team they would like to join.
- Players who have received offers will be contacted by the Liga committee.
- Players who have not received offers can only return back to Liga through tryouts.
- Any AllStar players who are in the transfer market and haven't been selected, Liga will guarantee them a spot on an existing team.
